The rails are not laid for a distance of about 100 meters on either side of the Soviet frontier on the Rovaniemi-Salla-Kandalaksha (N67-09,E32-26) line. The track is otherwise in order, and it would take only about two hours to lay the rails and make the connection.

Comment: A previous report stated that the line had been completed except for a bridge at Kemijarvi. Subsequently the line was reported to be in operation on a double track.
